News from Society – Society Wire

Hey Everyone,

This year the Computer Science Society is selling CS rings. The CS rings come in silver for \$210, 10K white gold (which has nickel in it) for \$319, and 14K white gold (which has nickel in it) for > \$319. Anyone can buy a ring and you can have any year you want written on it. So for instance Alumni and people who are graduating soon could have it as a grad ring, or new students could have one for the year they started at Dalhousie. To get a ring, sign up at the Computer Science Society Desk with your name, email address, ring type (i.e. silver, 10K white gold, 14K white gold), a number we can contact you at and your ring size if you know it.

As well for those of you who don't know, the issue of the Computer Science Building hours has been solved. Now there are keycards available for undergrads and grad students to give you access to the building beyond the building hours. If you would like to get a key card you can fill out an application at the front desk of the Computer Science Building with a deposit of \$50 and get a key card. If you are unable to pay this for financial reasons please feel free to get in touch with the president of the computer science society, John Doucette (jaedoucette@gmail.com) and he will see if the society can work something out.

Another notice to be made aware of is that SNOBOL (formally known as Snowball) is coming up once again. SNOBOL will take place on November 14th at Delta Halifax (1990 Barrington Street). Tickets are on sale at the Computer Science Society Desk: \$20 for students, \$30 for Faculty and Staff, and \$40 for everyone else. Also we are currently accepting nominations for the three awards that will be presented at SNOBOL this year. The awards are:

- 1) The Sрни Teaching Excellence Award
- 2) The Staff Award
- 3) The Ann Elizabeth Beringer Student Appreciation Award

If you would like to nominate someone for any of these awards please send your nomination to legerel@sympatico.ca with nominations as the subject line. The nomination period is open until November 1st. And finally, if you are interested in helping out with SNOBOL please contact Andrew Aikens (aikens@cs.dal.ca) and he will tell you all about what needs to be done.

Liz Legere, CS Secretary

Dalhousie Women in Technology Society (WiTS)

Hello everyone, as you may or may not know WiTS elections have passed and we now have a new WiTS council. The new council now comprises of:

Chair: Ozge Yeloglu
Treasurer: Karen Thorsen
Secretary: Nicole Lewis
Communications Rep: Gillian Russell
Alumni Rep: Chris Maxwell
Faculty Rep: Nur Zincir-Heywood

I would like to wish the new WiTS council the best in all their endeavors. I look forward to seeing all the fun things they are going to do in the future. If you would like more information about WiTS please check out the WiTS website at <http://wits.cs.dal.ca>. Or if you are interested in joining or just hearing about upcoming events you can get onto the WiTS mailing list by sending an email to the communications rep (russell.gillian@gmail.com) with your name and email address.

Liz Legere, WiTS Former Chair
