

Athletics Representative transition report, Summer 2008

Since there were no advertised intramurals in the summer, I declined to write this transition report until I'd served as acting athletics rep in Fall 2008. The primary responsibilities of the Athletics Representative are as follows:

- To attend monthly meetings regarding new events, organisation and issues.
- To advertise athletics events and intramural teams.
- To manage the logistics and any issues regarding the intramural teams, including appointing and collaborating with team captains.
- To plan and execute athletics events.

Specific to the Winter 2008 term, the hockey team owes the society their uniform deposit, which we provided in Fall 2008. This is in the amount of \$180. The captain, David Wootten (wootten@cs.dal.ca) will receive that deposit at the end of the season (sometime in March), and has indicated he will return it at that time.

Details of meetings and new teams are available at athletics.dal.ca.
